## Discuss

How are the righteous like fruitful trees? How are the wicked like chaff? Are you more like the righteous or the wicked? In what ways?

Are you able to live in the way of the righteous all the time? Who is the only person to have ever done that?

What does it mean to delight in and meditate on God's word? Do you do this? Are there things you enjoy doing more? What could you do to change this?

How does God watch over the way of the righteous? Does this mean everything will always go their way?
